FEAR UPDATE

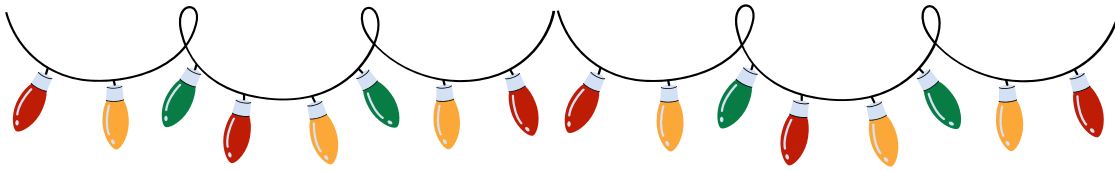

As you may know, in July 2022, Sport England granted FEAR £10,000 to run monthly swimming events, across England, for individuals who receive Home artificial nutrition or long-term IV treatments.

As a result, from July'22 - July'23, we were able to host a 28 events across England. In total, 2,182 people have joined us at our FEAR events over the past year... a figure we are very proud of!!

But it doesn't stop there... Because this week Sport England have agreed to continue their funding for another year! We are currently booking dates in the diary, so please keep an eye on our website for more information
